綠倍動力

校園+居齊慳電

透過一系列中電與學校共同推廣之活動，希望能提高大家在學校及家居中的節能意識，達到我們的共同目標

全年節省**400,000**度電

請支持!

校際慳電比賽日期：2013年10月1日至2014年9月30日

9大節能小貼士

1

善用自然光減少開燈

2

開冷氣的時候要關門窗

3

盡量以風扇代替冷氣

4

用完電器後請關掉電源或
拔離插座

5

穿輕便衣服，以減少
使用冷氣

6

雪櫃門應常緊閉，
並確保其密封墊緊貼

7

縮短使用電風筒時間，
讓頭髮自然乾透

8

縮短洗澡時間 (至約5分鐘)
以節約能源

9

儲夠一機衣物才洗，
讓衣物自然風乾或曬乾

CLP 中電

To raise students' awareness of energy saving, our school has participated in the program "School and Home Energy Saving Scheme", held by CLP. It aims to cultivate energy saving habits among the students at home and at school, so as to achieve a saving target of 400,000 kWh in a year. Meanwhile, CLP also organizes an energy saving competition among schools in order to encourage schools to promote energy saving. (Refer to the poster above). This competition will award schools which have the highest percentage of electricity saved compared with the electricity consumption of previous year both at school and at home.

If you hope to know more about your household electricity consumption pattern, feel free to register the Eco Optimizer via the following link. Even minor changes in your daily life can help a lot in energy conservation. Let's help "Save now for a better future"!
